Webinar Report

Date: 11/12/2021

On 11th **Dec 2021**, an expert session was organised on “Industry based Project Awareness” at 10:30 a.m. for students of MCA 2 year and MCA 3 year respectively. Expert Mr. Tushar Chikane from Softstrem Technologies Pvt. Ltd. Kharadi conducted the session. He is Director of Softstrem Technology. Mr. Tushar is having 12 years of experience in IT Industry. Sir has completed his MCA from Savitribai Phule Pune University. He has worked on various web based technologies like PHP, HTML, Wordpress, Magneto.

Sir has explained the various projects he has worked on to give insights on how applications works. So as to make the students aware about current trends, helping them to understand what industry wants. He also emphasised on Ecommerce and other platform work, how the students can start their own business , which is the need of the hour.

After the completion of the session he was flooded with lots of questions. It was quite a interesting session of Question and Answers.

The session was arranged by Dr. Snehal Godse, the duration was of 1 hr. 30 Mins. i.e. from 10:30 a.m. to 12:00 noon. The glooms of the session are as follows:

Zoom Meeting interface showing a screen share of a WordPress admin page. The page title is 'Add New' and the main heading is 'Add new product'. The form includes a 'Product name' field, an 'Add Media' button, and a rich text editor. A chat window is open, displaying a message from '17_Himanshu_Javiya' to 'Everyone' asking about project levels, and a reply 'ok got it sir'. The Zoom meeting controls at the bottom show 52 participants, chat, share screen, record, reactions, and apps options.
